CB&S Bank Celebrates Ribbon Cutting and Open House at New Auburn Branch 1901 East Glenn Avenue, Auburn, Alabama

Russellville, AL – CB&S Bank proudly celebrated the official Ribbon Cutting and Open House of its new Auburn, Alabama location on August 6th. The event welcomed Auburn and Opelika Chamber members, Auburn city officials, customers, neighbors, and friends, who gathered to commemorate the occasion and tour the beautiful new branch.

The new Auburn branch offers full-service retail and commercial banking designed to meet the needs of both individuals and businesses. Guests attending the celebration enjoyed refreshments, tours, and the chance to enter a drawing for a pair of Auburn-Georgia football tickets.

In attendance were the CB&S Bank Board of Directors, the Executive Leadership Team, and the Auburn branch staff, led by Rett Moncrief, Lee County Market President, and Tiffany Cox, Branch Retail Manager. Together with their team of experienced banking professionals, they are committed to delivering exceptional service with integrity, expertise, and care.

“CB&S Bank has a long-standing tradition of community engagement and personalized customer service,” said Mike Ross, President and CEO. “We are excited to bring that same commitment to the Auburn/Opelika area and look forward to building strong relationships here for years to come.”

For nearly 120 years, CB&S Bank has been dedicated to helping families, businesses, and communities thrive. The new Auburn location continues that mission – offering a welcoming space, innovative banking solutions, and a deep investment in the community’s success.

CB&S Bank is a \$2.8 billion community bank headquartered in Russellville, Alabama, with 56 offices across Alabama, Georgia, Mississippi, and Tennessee. CB&S Bank provides a comprehensive suite of financial services to both retail and commercial customers. CB&S Bank is ranked #16 in best performing banks in the nation (#1 in the state of Alabama), within the \$2B to \$10B asset category. This ranking is based on data from American Banker, July 2025.
